TIPS & TRICKS

Print in full color, using the highest quality setting on your printer.

Print at 100% scale (make sure 'scale to fit' is unchecked) to ensure labels are printed at the correct size.

Weatherproof label material, if you can find it, will allow your labels will better hold up to the elements (refrigerator condensation, for example). You can choose inket or laser material depending on what kind of printer you have.

You can also print onto cardstock and use as a hang tag.
