

BONUS! DATE LABELS

DIRECTIONS

1. Print labels onto full-sheet (8.5-by-11") white or colored sticker paper.

- Print page 2 for 1.5x.75" rectangle labels. 44 per page.
- Print page 3 for assorted 1" square labels. 50 per page.

2. Cut out shapes using scissors or an Xacto knife.

3. Adhere to processed and cooled jars. These labels are meant to be informative and compliment the main jar label. You can stick them on the tops of lids or the bottom of jars, or if you make hangtags, print them on the back of the front design or stack them on top of each other.

TIPS & TRICKS

Print in full black and white, using the highest quality setting on your printer.

Print at 100% scale (make sure 'scale to fit' is unchecked) to ensure labels are printed at the correct size.

Weatherproof label material, if you can find it, will allow your labels will better hold up to the elements (refrigerator condensation, for example). You can choose inkjet or laser material depending on what kind of printer you have.
