TIPS & TRICKS

Print in full color, using the highest quality setting on your printer.

Print at 100% scale (make sure 'scale to fit' is unchecked) to ensure labels are printed at the correct size.

Clear gloss labels, if you can find them, really showcase the beauty of light colored jams through the labels themselves. Be sure you buy labels specific to your type of printer, otherwise the ink might smudge.

For mason jars with two-piece lids, you can also print the labels onto cardstock and screw the metal ring on top of it, or punch a hole and use as a hang tag.
